Maximum Marks	2 Marks

Customer Problem Statement Template:

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love.

A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Problem Statement	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A small-scale farmer	Select the most suitable crop for my land and improve crop productivity	I am unable to determine which crop is best suited for my soil and environmental conditions	I lack access to accurate agricultural data and expert guidance	Confused, worried, and uncertain about my farming decisions
PS-2	A farmer	Protect my crops and maximize yield while reducing farming costs	I cannot identify crop diseases early or determine the correct fertilizer and irrigation practices	Traditional farming methods and limited expert support make timely decision-making difficult	Frustrated, anxious, and concerned about crop loss and financial stability
